

## SIMULTALK 24G FULL DUPLEX WIRELESS ACCESSORY OPTIONS

The Simultalk 24G Full Duplex Wireless system comes standard with the Cyber lightweight headset. However, there are a number of other headsets that are available for this unique product as listed below. -

### **Monarch Headset**

The Monarch headset combines the finest electronic componentry and space age moulded plastics to produce a lightweight dual ear headset. This headset is lightweight, comfortable and eliminates more background noise than the Cyber headset.
